# ABOUT ME

My passion for interior design began early in life. Some of my favorite childhood memories are of my bedroom makeovers in which I would enlist the help of my grandfather to bring me to a series of stores in order to gather my supplies: a new color of paint, new bedding, fresh accessories. I would lock myself in my bedroom not allowing any visitors until the transformation was complete.

I am now beyond grateful to have a career in which I create these experiences for others. A home is a representation of those who live in it and my mission is to inspire others and help them to create a sense of pride and ownership in the design of their home.
